

[AV-SPS2013-SA]: SharePoint 2013 for Site Administrators

Length	: 1 Day
Audience(s)	: SharePoint Site Administrators
Level	: Intermediate/Advanced
Technology	: SharePoint 2013
Delivery Method	: Instructor-led (Classroom)

Course Overview

This course will teach participants the overview of SharePoint 2013 site administration functions, majoring on setting permissions, designing out of the box workflows and structuring your SharePoint sites and lists.

Audience Profile

This course is targeted at users who will take on roles and responsibility as SharePoint 2013 site administrators, providing them with site structure knowledge, site and list management and permission setting skills.

At Course Completion

Participants will be able to manage SharePoint 2013 sites, structure, common lists, workflows and permissions.

Pre-Requisites

Participants should be familiar with SharePoint 2013 Site Member course and skills.
