

[SP525]: Advanced Analytics with TIBCO Spotfire® 7.x

Length : 2 Days
Delivery Method : Instructor-led (Classroom)

Course Overview

This 2-day course describes advanced analytics techniques using TIBCO Spotfire 7.x. It assumes basic working knowledge of TIBCO Spotfire Analyst Client and continues on from the SP521 course.

The Spotfire Web client is used to share visualizations between different roles, and access control is enforced. Hands-on labs cover visualizations such as map charts and the use of expressions and keywords. The course also examines the use of external statistical engines for predictive modeling.
